“PILOTS NOT PASSENGERS – SOARING INTO THE 21ST CENTURY”

Dear Parent or Guardian:

The federal requirements of H.R.1, *The No Child Left Behind Act of 2001*, states that parents and/or guardians of students who are attending a school receiving federal, Title I funding may request at any time the qualifications of their child’s teachers. All requests for this information must be done in writing and a form is available at the school site from the title I Coordinator, Christina Wantz. The request will be returned to you with a list of your child’s teachers as well as their status, degree, major and credential after approximately 10 days. Should you have any questions regarding your rights as established by H.R. 1 or the process you need to complete to request the above information please feel free to contact me at anytime.

Thank you,

Stephen Rochelle
Principal
